AFTER ACTION APPEAR AND APPEAR AN Marshall, Rich , L 6, A

DI WOODI MACH PROM WEST SET OF THE SET OF

good doe! has been said among us recently about Thomas Paine. The discussion has a made on the man and to give than the Duke of Waldington, who describes hid a higher place than his true title to fame. Napolean Bonaparte.

**Thin's buck against Torkey was out a Paine's special ad-

errors of another, to any possible spark of parprinciples of men in general between the ages ons preceded the declaration of indesuitness only six morths whose emigration Thomas Paine."

"The final is." save Duyckinch (Cyc. Am. Lit.), ingion:

"that Paino, admitting his services to the full, was a humble though useful servant to the case never its master." The following characterization by an Roglish writer hits him off.

The "theological works" so called of Thomas "The fact is," says Davekinck (Cve. Am . Lit) ingion: for services rendered in their estuggio for poliis not worthy of the high exponiums heaped aron it. On all sides it is opened that his book of which wise Ben Krauk in, though not a writings on the American war possessed the religious man, spoke in such a mannet, set up talant of presenting a taking and striking appeal to popular feelings; but at the same time history, in the truth is apparent to crop person of culture and literary judgment, that Palce had importance to the cause for below that which Paine's admirers of the present day

the embyorsion of religion, and rejected all au who have civilised or savege, her never yet been the able and government, and to rebuild the patiral structure of society. Edmund Harke, one of the few among the very greatest intellects of all time, had published his "Reflections out the Bevolution in France." The power of this book a extraordidary beyond that of any athebut without success. Burks was unnumerable, movement to the first storage of the storage of the

consed and stimulated that danutless spirit contest as the world has never seen equaled, and finally delivered Europe from the aggres-cions of the revolution and saved its bestice. as Paine. The discussion has a Thus, in fact, it was Edmund Burke oven more

and a nigher place train in the train was made in a Prino's buok against Turke's was but a mirers it beems to be held that to the efforts of pigmy's straw against the armor of a manual should be of a fine property manking is immensely indicated for American readers who are collect upon to repolitical and religious freedom. This, is a to-member that Paine hall de ended their forepoursed and religious freedom. This is a not memoer than Paine fail as Claret some toregother too large an astimate of the main. He fathers against the aggressions of the crown
did nothing that entitles him to apptheous. May also be reminded that Surke had done, the person to undermine the repeated of unfinishing produced a book in support of the produced in the repeated of unfinishing people for political functions and religious faith, and only in his natural element while blook and wisked revolution in Figure of the section of the great annual images and the could appeal with inflammantery speech to the passions of every institution entitled to the veneration of the great annual images and integers represent for the great annual images and in the great annual images annual images and in the great annual images annual ima

onthusisatic speaker, at a mosting an evening or two since, declared that Paine did more by bis writings "to bring about American independence on the property of the property

revolution were the natural consequences of Its data would form the themes of pietry and oular occasion rather than to the true caure, the abound principles on which it was rom-e predocilnant state of public opinion.
